# ENJOY GROHE

How do you like your shower? An invigorating burst of water to energise and stimulate – cleansing your body and awakening your mind; or something a little more relaxing – soft, restorative air infused bubbles that gently caress your skin.

GROHE Power&Soul™ showers have been created with full appreciation of your moods and needs. Four innovative spray patterns: GROHE Rain O<sup>2</sup>, Rain, Active Massage and Jet, offer a choice of tempting experiences. And with the introduction of the new GROHE AquaDirect™ spray selector – switching between the four patterns has never been easier.

Three sizes of hand showers are available in a choice of two designs: Cosmopolitan and Contemporary – created to ensure complete design coordination with your bathroom interior.

For a personalised shower experience night or day, choose GROHE Power&Soul™.

# INVIGORATING IN THE MORNING

## **GROHE Active Massage**

The new Active Massage spray introduces a breakthrough in spray pattern technology. Harnessing the power of water, eight dynamic spray nozzles create a 'breathing' effect as they open and close once a second to recreate the tension-relieving effect of a fingertip massage. The spray is ideal for a head or shoulder massage.

# SOOTHING THE SOUL IN THE EVENING

## **GROHE Rain O<sup>2</sup>**

GROHE Power&Soul™ hand showers give you the benefit of two luxurious Rain sprays: our classic Rain spray and the new air-infused GROHE Rain O<sup>2</sup> spray. Select the GROHE Rain O<sup>2</sup> spray and air is drawn into the spray face where it is mixed with high-speed streams of water, resulting in voluminous water droplets and a wider spray.

# ENJOY THE CHOICE OF INNOVATION

Everyone's idea of the perfect spray pattern is different, which is why GROHE Power&Soul™ showers feature up to four different sprays. Revitalising or relaxing, stimulating or soothing, whichever sensation you're searching for, we have a spray to match.

## **GROHE Jet**

A focused circular spray which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

## **GROHE Active Massage**

Eight dynamic spray nozzles create a 'breathing' effect, providing the tension-relieving sensation of a fingertip massage.

## **GROHE Rain O<sup>2</sup>**

A soft, smooth spray based on our original Rain spray. Air is drawn into the spray face and mixed with water for a wider and fuller spray.

## **GROHE Rain**

Wide and luxurious – a soft, delicate pattern to soothe the skin. Recreating summer rain, the spray provides full and even coverage.
